# MAXIMIZE
# YOUR RESULTS

with PRC's **EasyView**® Action Planning App

Your data shows where you *are*, but where do you want to *be*? Review results and take time to reflect on what's affecting your data before determining a course of action.

PRC EasyView®'s **updated action planning tool** accommodates the unique needs of any hospital or health system with ease.

- **Concise and user-friendly layout**
- **Flexible customization capabilities**
- **Built-in accountability reporting**

Turn insights from your results into powerful improvement in your institution
